

Into the Wild - Week #1

Discussion Questions:

Conversation Starter: What is something you find enjoyable about being outdoors?

Our discussion questions are designed to create conversation for every life group. When thinking about the spiritual tenor of your group (new believers or seasoned followers) read through the different levels below and pick out questions that will best fit your group. You can read and pick questions from all 3 levels or just one.

First Stop:

- When you are in challenging circumstances, what is your natural response?
- Who do you need to invite with you on the journey?
- It's tempting to want to face difficulties alone, why do you think we are tempted to respond this way?

Mile Markers:

- Can you think of a specific trial or challenge you faced "in the wild"? How did it impact your faith and resilience?
- Do you believe the trials we face have a purpose or can lead to personal growth? Why or why not?
- What are some practical ways we can support each other when we are facing trials?
- Pastor Jer talked about having the right tools to navigate the wild. What is a spiritual tool you want to strengthen or put into practice? (i.e. prayer, trust, patience, God's Word.)

Destination:

- How can we encourage and mentor those newer in faith who may be going through similar trials as our own?
- How has your perspective on trials and tribulations changed as your faith has evolved?
- Can you share an experience where a trial strengthened your faith in God or deepened your spiritual understanding?
